

CLASS 9 & 10 kREATE CAREER ASSESSMENT

Instructions for the Student

Read this carefully before you begin.

73

Questions

4

Sections

30–35

Minutes

100%

Confidential

Before You Begin

1

Find a quiet spot.

Sit somewhere with no distractions no noise, no interruptions. This is your time.

2

Check your internet.

You will need a stable connection throughout. Make sure you are connected before you start. In case your connection drops, you can resume from where you have left.

3

Keep your phone away.

Avoid distractions. The assessment takes only 30–35 minutes, give it your full attention.

What This kREATE Career Assessment Is About

This is not a test. There are no right or wrong answers.

This assessment is simply about YOU — your interests, your personality, how you think, and what you are naturally good at. What kinds of activities and environments you genuinely enjoy ? How you naturally behave — your energy, discipline, empathy, and more ? Your natural reasoning ability — numbers, words, logic, and visuals. How you learn, handle uncertainty, and prefer to work. The results will help you understand which careers and streams are the best fit for you. Nobody is judging your answers. Your responses are completely confidential and will only be used for your career guidance.

How to Answer — Two Types of Questions

TYPE A · Agreement Questions

You will see a statement and choose how much it describes you, on a scale of 1 to 5.

1 <i>Strongly Disagree</i>	2 <i>Disagree</i>	3 <i>Neutral</i>	4 <i>Agree</i>	5 <i>Strongly Agree</i>
-------------------------------	----------------------	---------------------	-------------------	----------------------------

Strongly Agree (5)	You really feel this describes you. You are sure about it.
Agree (4)	It does describe you but not as strongly. You generally feel this way.
Neutral (3)	You are genuinely unsure, you cannot say yes or no. Overuse of Neutral reduces the accuracy of your results. If you even slightly agree or slightly disagree, choose that.
Disagree (2)	This does not describe you. You generally do not feel this way.
Strongly Disagree (1)	This really does not describe you. You are certain it does not apply to you at all.

TYPE B · Aptitude Questions

These are multiple-choice questions with one correct answer.

A	Choose the answer you think is correct. Trust your reasoning.
B	If you are genuinely unsure, select 'Not Sure' this is honest and it actually helps your profile. Do not guess randomly.
C	You may use a calculator or rough book but please do not use AI/Google to get answer.

The Golden Rules — Read These Carefully

★	Be honest. Be yourself. Answer based on how YOU actually are not how you want to be seen, not what sounds impressive, not what you think a counsellor wants to hear. The more honest you are, the more useful your results will be.
★	Go with your first instinct. Do not overthink. Your first reaction to a statement is usually the most accurate reflection of who you are. If you sit on a question too long, you will only get confused.

Do not skip or rush.

Every question contributes to your profile. At the same time, do not spend more than a few seconds on any single question, keep moving.

Your results are private.

Only you and your career counsellor will see them. This is a safe space, be real.

You are ready. Take a deep breath.

There is nothing to prepare for. Just be yourself and let the results do the rest.

RIASEC - Interest Inventory - 24 Questions

(6) - Q1 REALISTIC · R1 : I enjoy building or fixing things with my hands — like putting together models eg Lego, rubiks cube, etc or playing with gadgets, or figuring out how everyday objects work.

(16) - Q2 REALISTIC · R2 : I prefer working outdoors or in hands-on environments or practical's, rather than spending most of my time at a desk or in a classroom.

(26) - Q3 REALISTIC · R3 : I enjoy working with tools, devices, or mechanical things — understanding how they work and what makes them function excites me rather than reading about them in books.

(48) - Q4 REALISTIC · R4 : I find working with physical objects and tools (practical work), more satisfying than working with people or ideas (theoretical work).

(2) - Q5 INVESTIGATIVE · I1 : I love asking "why" and trying to understand the science or logic behind things I observe.

(12) - Q6 INVESTIGATIVE · I2 : I enjoy solving problems, that require careful analysis and logical thinking.

(22) - Q7 INVESTIGATIVE · I3 : I like reading about scientific discoveries, experiments, or research findings.

(46) - Q8 INVESTIGATIVE · I4 : I prefer finding answers through research and data, rather than through imagination or gut feeling.

(8) - Q9 ARTISTIC · A1 : I enjoy creating things by drawing, writing, music, photography, or designing something original or new.

(18) - Q10 ARTISTIC · A2 : I often express my feelings or ideas through art, stories, or creative projects.

(28) - Q11 ARTISTIC · A3 : I feel attracted to careers that let me be creative — like film making, graphic design, photography, or writing.

(62) - Q12 ARTISTIC · A4 : I enjoy work that has no fixed rules — where I can experiment and find my own way of doing things.

(1) - Q13 SOCIAL · S1 : I enjoy helping friends or classmates, when they are struggling with personal or academic problems.

(11) - Q14 SOCIAL · S2 : I find it rewarding to teach, counsel or guide others, even in informal settings / occasions.

(21) - Q15 SOCIAL · S3 : I care about making a positive difference in people's lives or in my community and would want to do something.

(41) - Q16 SOCIAL · S4 : I prefer careers that involve working with and understanding people, over careers that involve machines or physical objects.

(4) - Q17 ENTERPRISING · E1 : I enjoy taking charge of situations — leading a group project, organizing events, or coming up with plans.

(14) - Q18 ENTERPRISING · E2 : I like persuading or convincing people — whether it's pitching an idea, winning a debate, or getting others to see my point of view.

(24) - Q19 ENTERPRISING · E3 : I get excited thinking about starting my own project, club, or venture — or creating something completely from scratch in a new way.

(63) - Q20 ENTERPRISING · E4 : I often rely on instinct and ideas, rather than detailed research or rules when making decisions.

(9) - Q21 CONVENTIONAL · C1 : I like organising data, maintaining records, and following systematic procedures. It gives me satisfaction.

(29) - Q22 CONVENTIONAL · C2 : I prefer following clear procedures and guidelines, rather than doing things as I go.

(44) - Q23 CONVENTIONAL · C3 : I feel comfortable in systematic or organised environments, where my responsibilities and tasks are clearly defined.

(19) - Q24 CONVENTIONAL · C4 : I prefer following established rules and standard methods, over experimenting with new or unconventional approaches.

BIG FIVE – Personality Traits - 20 Questions

(3) - Q25 OPENNESS · O1 : I enjoy exploring new ideas, topics or areas of knowledge even when they are not related to my studies.

(13) - Q26 OPENNESS · O2 : I find myself curious about cultures, philosophies or ways of thinking that are very different from my own.

(23) - Q27 OPENNESS · O3 : I enjoy trying new and different experiences — I would rather explore the unknown than stick to familiar routines.

(42) - Q28 OPENNESS · O4 : I prefer sticking to topics and activities, I already know well rather than venturing into unfamiliar territory.

(5) - Q29 CONSCIENTIOUSNESS · C1 : I plan my work ahead of time and continue to do my tasks as I planned, even when they get tedious or difficult.

(15) - Q30 CONSCIENTIOUSNESS · C2 : I pay close attention to detail and dislike submitting work, that is incomplete or sloppy.

(25) - Q31 CONSCIENTIOUSNESS · C3 : I set goals for myself and work systematically towards achieving them, even without being told to.

(45) - Q32 CONSCIENTIOUSNESS · C4 : I often leave tasks till the last minute and find it hard to stick to a schedule or plan.

(30) - Q33 EXTRAVERSION · E1 : I feel energized and comfortable in social settings like parties — I enjoy meeting new people and striking up conversations.

(43) - Q34 EXTRAVERSION · E2 : I feel comfortable speaking up, sharing my views, or taking a visible role in group activities or class discussions.

(49) - Q35 EXTRAVERSION · E3 : After spending time in a group of people, I feel refreshed and ready for more social interaction.

(64) - Q36 EXTRAVERSION · E4 : I find social gatherings like annual day, sports day, birthday party, religious festivals, group outing, etc draining and often prefer to spend time alone or with just one or two people.

(7) - Q37 AGREEABLENESS · AG1 : I naturally consider how my actions might affect others before making a decision.

(17) - Q38 AGREEABLENESS · AG2 : After a disagreement or argument, I find it fairly easy to let go and move on without thinking on it for long — I don't like holding grudges.

(27) - Q39 AGREEABLENESS · AG3 : I genuinely enjoy cooperating and collaborating with others, even when it means adjusting my own ideas.

(50) - Q40 AGREEABLENESS · AG4 : I tend to argue my point stubbornly during disagreements, and find it hard to see the other person's perspective.

(10) - Q41 EMOTIONAL STABILITY · ES1 : I remain cool and composed in stressful situations, like exams or conflicts, without panicking.

(20) - Q42 EMOTIONAL STABILITY · ES2: I recover quickly after setbacks, failures or disappointments, and get back to normal fairly fast.

(47) - Q43 EMOTIONAL STABILITY · ES3 : When I face uncertainty or high-pressure situations like exams or tough decisions, I tend to worry a lot and find it hard to stay calm.

(61) - Q44 EMOTIONAL STABILITY · ES4 : I feel most comfortable and productive when I follow familiar routines and predictable schedules.

APTITUDE – Reasoning & Ability - 20 Questions

(31) - Q45 NUMERICAL · NR1 EASY · WEIGHT ×1 : A shopkeeper sells a pen for ₹30, making a profit of 20%. What is the cost price of the pen ?

A ₹22 B ₹25 C ₹24 D ₹28 E Not sure

Answer: B — ₹25 | $CP = SP \div 1.20 = 30 \div 1.20 = ₹25$

(35) - Q46 NUMERICAL · NR2 EASY · WEIGHT ×1 : If $3x + 7 = 22$, what is the value of x?

A 5 B 7 C 3 D 9 E Not sure

Answer: A — 5 | $3x = 22 - 7 = 15$; $x = 5$

(39) - Q47 NUMERICAL · NR3 MEDIUM · WEIGHT ×1.5 : A train travels 240 km in 3 hours, then 180 km in 2 hours. What is the average speed for the entire journey ?

A 80 km/h B 84 km/h C 90 km/h D 78 km/h E Not sure

Answer: B — 84 km/h | Total distance = 420 km; Total time = 5 hrs; Avg speed = $420 \div 5 = 84$ km/h

(53) - Q48 NUMERICAL · NR4 MEDIUM · WEIGHT ×1.5 : A product is first discounted by 25% and then the discounted price is further reduced by 10%. If the original price is ₹800, what is the final price ?

A ₹520 **B** ₹540 **C** ₹560 **D** ₹500 **E** Not sure

Answer: B — ₹540 | After 25%: $800 \times 0.75 = ₹600$. After 10%: $600 \times 0.90 = ₹540$

(57) - Q49 NUMERICAL · NR5 HARD · WEIGHT ×2 : Riya invests ₹12,000 at 10% compound interest per year for 2 years, while Meera invests the same amount at 11% simple interest for 2 years. How much more does Meera earn than Riya ?

A ₹24 **B** ₹120 **C** ₹240 **D** ₹144 **E** Not sure

Answer: B — ₹120 | Riya CI: $12000 \times (1.10)^2 = ₹14,520 \rightarrow$ Interest = ₹2,520. Meera SI: $12000 \times 0.11 \times 2 = ₹2,640$. Difference = $2640 - 2520 = ₹120$. Note: Answer is ₹120.

(32) - Q50 VERBAL · VR1 EASY · WEIGHT ×1 : Choose the word most opposite in meaning to : FRUGAL

A Careful **B** Economical **C** Extravagant **D** Thrifty **E** Not sure

Answer: C — Extravagant | Frugal = careful with money. Antonym = extravagant (spending freely).

(36) - Q51 VERBAL · VR2 EASY · WEIGHT ×1 : Complete the analogy: **Stethoscope : Doctor :: Blackboard : ____**

A Carpenter **B** Teacher **C** Lawyer **D** Judge **E** Not sure

Answer: B — Teacher | A stethoscope is the tool of a doctor; a blackboard is what a teacher uses.

(40) - Q52 VERBAL · VR3 MEDIUM · WEIGHT ×1.5 : Read: "Despite the heavy rainfall, the farmers were relieved because the crops badly needed water." Which conclusion is most accurate ?

- A** The farmers were unhappy about the rain.
- B** The rain was beneficial despite being heavy.
- C** The crops were damaged by the rain.
- D** The farmers had predicted the rainfall.
- E** Not sure

Answer: B | "Relieved" + "crops badly needed water" $\rightarrow$ rain was beneficial despite its intensity.

(54) - Q53 VERBAL · VR4 MEDIUM · WEIGHT ×1.5 : Read: "All scientists are curious. Priya is curious. Therefore, Priya is a scientist. "This argument is :

- A** Invalid — being curious doesn't prove Priya is a scientist.
- B** Valid — the conclusion logically follows.
- C** Valid — Priya must be a scientist if she is curious.
- D** Invalid — scientists cannot be curious.
- E** Not sure

Answer: A | Fallacy of affirming the consequent. "All scientists are curious" $\neq$ "All curious people are scientists."

(58) - Q54 VERBAL · VR5 HARD · WEIGHT ×2 : Read the passage: "The city's water supply depends on a reservoir that is fed by two rivers. River A contributes 60% of the water in the wet season but only 30% in the dry season. River B contributes the rest. The city has been experiencing an unusually dry year. "Which statement is most logically supported ?

A River B is currently the dominant source of water for the city.

B River A always provides more water than River B.

C The reservoir is empty this year.

D River B contributes 40% in the wet season.

E Not sure

Answer: A | Dry year → dry season distribution applies. River A = 30%, River B = 70%. So B is dominant. (D is wrong as B = 40% only in wet season.)

(33) - Q55 LOGICAL · LR1 EASY · WEIGHT ×1 : What comes next in the sequence: 3, 6, 12, 24, ____?

A 36

B 48

C 42

D 32

E Not sure

Answer: B — 48 | Each term is multiplied by 2. $24 \times 2 = 48$.

(37) - Q56 LOGICAL · LR2 EASY · WEIGHT ×1 : If all Apples are Fruits, and some Fruits are Red, which of the following must be true ?

A All Apples are Red.

B All Apples are Fruits.

C Some Apples are Red.

D No Red things are Apples.

E Not sure

Answer: B | This is directly stated. A and C may be true but are not guaranteed. D is false.

(51) - Q57 LOGICAL · LR3 MEDIUM · WEIGHT ×1.5 : Five students — Arjun, Bhavi, Chetan, Divya, and Esha — are seated in a row. Chetan sits to the left of Arjun. Arjun sits to the left of Bhavi. Esha sits between Arjun and Bhavi. Bhavi sits to the left of Divya. Who sits in the middle ?

A Arjun

B Bhavi

C Esha

D Chetan

E Not sure

Answer: C — Esha | Order: Chetan – Arjun – Esha – Bhavi – Divya.

(55) - Q58 LOGICAL · LR4 MEDIUM · WEIGHT ×1.5 : A pattern alternates between a filled shape and an empty shape of the same type, rotating 90° clockwise each step. The sequence so far is: Filled Circle → Empty Square → Filled Triangle → Empty Circle. What comes next ?

A Filled Square

B Empty Triangle

C Filled Circle

D Empty Square

E Not sure

Answer: A — Filled Square | Shapes cycle: Circle → Square → Triangle → Circle. Fill alternates F-E-F-E-F. Next = Filled Square.

(59) - Q59 LOGICAL · LR5 HARD · WEIGHT ×2 : In a coding language: DOG = 26, CAT = 24, BAT = 23. Following the same logic, what does FISH equal ?

A 38 **B** 42 **C** 40 **D** 34 **E** Not sure

Answer: B — 42 | Assign A=1...Z=26. DOG: D(4)+O(15)+G(7)=26 ✓. CAT: C(3)+A(1)+T(20)=24 ✓. BAT: B(2)+A(1)+T(20)=23 ✓. FISH: F(6)+I(9)+S(19)+H(8)=42.

(34) - Q60 SPATIAL · SR1 EASY · WEIGHT ×1 : A square piece of paper is folded in half horizontally (top over bottom), then folded again in half vertically (left over right). A hole is punched in the top-right corner of the folded piece. How many holes appear when the paper is fully unfolded ?

A 1 **B** 4 **C** 2 **D** 8 **E** Not sure

Answer: B — 4 | Two folds → 4 layers. One punch = 4 holes when unfolded (one per corner).

(38) - Q61 SPATIAL · SR2 EASY · WEIGHT ×1 : If you look in a mirror, what time does the mirror image show for a clock whose time is 3:00 ?

A 3:00 **B** 9:00 **C** 6:00 **D** 12:00 **E** Not sure

Answer: B — 9:00 | Mirror image flips horizontally. The hour hand pointing right (3) appears pointing left (9).
5/9/26, 9:35 PM

(52) - Q62 SPATIAL · SR3 MEDIUM · WEIGHT ×1.5 : A 3×3×3 cube is painted red on all 6 faces and then cut into 27 equal smaller cubes. How many of the smaller cubes have exactly 2 faces painted red ?

A 8 **B** 12 **C** 6 **D** 4 **E** Not sure

Answer: B — 12 | Edge pieces (not corners) of the 3×3×3 cube have exactly 2 painted faces. There are 12 edges, each contributing 1 middle piece.

(56) - Q63 SPATIAL · SR4 MEDIUM · WEIGHT ×1.5 : A shape is made up of 6 equal squares joined edge-to-edge (a net of a cube). When folded into a cube, which face is opposite the base ? Net layout: [] [BASE] [] [TOP] [] [] (cross/plus shape with top above base)

A The left most square

B The square directly above the base in the net

C The right most square

D Cannot be determined

E Not sure

Answer: B | In a plus-shaped net, the square directly opposite across the centre becomes the opposite face when folded.

(60) - Q64 SPATIAL · SR5 HARD · WEIGHT ×2 : Imagine you are standing inside a hollow cube, looking at the wall directly in front of you. If you rotate 90° to your right and then tilt your head 90° upward, which original face of the cube are you now looking at ?

A The left face

B The bottom face

C The top face

D The right face

E Not sure

Answer: C — Top face | Starting facing front: rotate 90° right → now facing the right wall. Tilt head 90° upward → now looking at the top face (ceiling).

COGNITIVE & DECISION STYLE – Thinking & Decision Making - 9 Questions

(65) - Q65 LEARNING VELOCITY · LV1 : When I encounter a new subject or skill, I pick it up quickly and enjoy the challenge of learning something unfamiliar.

(68) - Q66 LEARNING VELOCITY · LV2 : I actively seek feedback on my work and use it to improve quickly, even if the feedback is critical or not appealing.

(71) - Q67 LEARNING VELOCITY · LV3 : I find it hard to adjust when my teachers change their teaching style, or when I have to switch to a completely new way of studying or doing things.

(66) - Q68 UNCERTAINTY TOLERANCE · UT1 : I am comfortable starting a project or task even when I am not sure how it will turn out — not knowing the outcome excites rather than worries me.

(69) - Q69 UNCERTAINTY TOLERANCE · UT2 : When I have to make a difficult decision and don't have all the answers, I can still make up my mind and move forward rather than waiting endlessly.

(72) - Q70 UNCERTAINTY TOLERANCE · UT3 : When there is no clear plan or I cannot predict what will happen next, I feel very unsettled and find it difficult to take any action.

(67) - Q71AUTONOMY PREFERENCE · AP1: I prefer working independently on projects, where I decide how to approach the task, rather than following someone else's instructions step by step.

(70) - Q72 AUTONOMY PREFERENCE · AP2 : When something goes wrong in my work or project, I prefer to think it through and fix it on my own rather than immediately asking a teacher or friend for help.

(73) - Q73 AUTONOMY PREFERENCE · AP3 : I feel more confident and produce better results when someone gives me detailed guidance and checks on my progress regularly, rather than leaving me to work alone.

Mirror Pairs Summary — Response Validity Score (RVS)

Pair	Question A	Question B	Gap	What It Detects
MP1	Q4 (pos 48)	Q16 (pos 41)	7	Realistic vs Social — physical tools vs people-oriented careers
MP2	Q8 (pos 46)	Q20 (pos 63)	17	Investigative vs Enterprising — data/research vs instinct/ideas
MP3	Q12 (pos 62)	Q24 (pos 19)	43	Artistic vs Conventional — no fixed rules vs established methods
MP4	Q27 (pos 23)	Q44 (pos 61)	38	Openness vs Emotional Stability — novelty vs routine comfort
MP5	Q33 (pos 30)	Q36 (pos 64)	34	Extraversion A vs B — energised vs drained by social settings
MP6	Q38 (pos 17)	Q40 (pos 50)	33	Agreeableness A vs B — forgives easily vs argues stubbornly
MP7	Q65 (pos 65)	Q67 (pos 71)	6	Learning Velocity A vs B — picks up fast vs struggles to adjust
MP8	Q68 (pos 66)	Q70 (pos 72)	6	Uncertainty Tolerance A vs B — comfortable vs paralysed by uncertainty
MP9	Q71 (pos 67)	Q73 (pos 73)	6	Autonomy A vs B — prefers independence vs needs guidance
MP10	Q72 (pos 70)	Q73 (pos 73)	3	Ownership vs Dependence — fixes own vs needs supervision (C&D max achievable)

Reverse Keyed Summary

Code	Position	Orig Q#	Trait	Statement (abbreviated)
RK1	42	Q28	OPENNESS	I prefer sticking to topics I already know well...
RK2	45	Q32	CONSCIENTIOUSNESS	I often leave tasks till the last minute...
RK3	64	Q36	EXTRAVERSION	I find social gatherings draining...
RK4	50	Q40	AGREEABLENESS	I tend to argue my point stubbornly...
RK5	47	Q43	EMOTIONAL STABILITY	I tend to worry a lot and find it hard to stay calm...
RK6	71	Q67	LEARNING VELOCITY	I find it hard to adjust when my teachers change...
RK7	72	Q70	UNCERTAINTY TOLERANCE	When there is no clear plan I feel very unsettled...
RK8	73	Q73	AUTONOMY PREFERENCE	I feel more confident when someone gives me detailed guidance...
